

**REGULATION (EU) 2019/496 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL**  
**of 25 March 2019**

**amending Council Regulation (EC) No 428/2009 by granting a Union general export authorisation  
for the export of certain dual-use items from the Union to the United Kingdom**

THE EUROPEAN PARLIAMENT AND THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 207(2) thereof,

Having regard to the proposal from the European Commission,

After transmission of the draft legislative act to the national parliaments,

Acting in accordance with the ordinary legislative procedure <sup>(1)</sup>,

Whereas:

- (1) On 29 March 2017, the United Kingdom submitted the notification of its intention to withdraw from the Union pursuant to Article 50 of the Treaty on European Union (TEU). The Treaties will cease to apply to the United Kingdom from the date of entry into force of a withdrawal agreement or, failing that, two years after that notification, i.e. from 30 March 2019, unless the European Council, in agreement with the United Kingdom, unanimously decides to extend that period.
- (2) Council Regulation (EC) No 428/2009 <sup>(2)</sup> sets up a common system for the control of exports of dual-use items which is necessary to promote Union and international security and to provide a level playing field for Union exporters.
- (3) Regulation (EC) No 428/2009 provides for 'Union general export authorisations' which facilitate controls on low-risk exports of dual-use items to certain third countries. Currently, Australia, Canada, Japan, New Zealand, Norway, Switzerland, including Liechtenstein, and the United States of America are covered by Union general export authorisation No EU001 set out in Annex IIa to Regulation (EC) No 428/2009.
- (4) The United Kingdom is a party to the relevant international treaties and a member of international non-proliferation regimes, maintains full compliance with related obligations and commitments. The United Kingdom applies proportionate and adequate controls to effectively address considerations about intended end uses and the risk of diversion, consistent with the provisions and objectives of Regulation (EC) No 428/2009.
- (5) Considering that the United Kingdom is an important destination for dual-use items produced in the Union, it is appropriate to add the United Kingdom to the list of destinations covered by Union general export authorisation No EU001 in order to ensure the uniform and consistent application of controls throughout the Union, to promote a level playing field for Union exporters and to avoid an unnecessary administrative burden, while protecting Union and international security.
- (6) Given the urgency entailed by the circumstances of the United Kingdom's withdrawal from the Union, it is necessary to allow for the prompt application of this Regulation concerning the inclusion of the United Kingdom in Union general export authorisation No EU001. Therefore, this Regulation should enter into force on the day following that of its publication in the *Official Journal of the European Union*.
- (7) The United Kingdom should be added to the list of destinations covered by Union general export authorisation No EU001 only in a situation where no withdrawal agreement concluded with the United Kingdom in accordance with Article 50(2) TEU has entered into force by the date on which the Treaties cease to apply to the United Kingdom pursuant to Article 50(3) TEU,

<sup>(1)</sup> Position of the European Parliament of 13 March 2019 (not yet published in the Official Journal) and decision of the Council of 19 March 2019.

<sup>(2)</sup> Council Regulation (EC) No 428/2009 of 5 May 2009 setting up a Community regime for the control of exports, transfer, brokering and transit of dual-use items (OJ L 134, 29.5.2009, p. 1).
